#### ABOUT THE WEBINAR

New education policy 2020 paves path to the future of budding Indian minds with elaborative changes which NEP has introduced in Indian Education system. The new national education policy proves to be a boon economically, intellectually and blending in professionally for teachers with an ambitious goal to impart Quality and Competitive Education for All. APJ Abdul Kalam said that “Learning needs freedom to think and freedom to imagine and both have to be facilitated by the teacher”. Certainly, NEP 2020 empowers the teachers by giving them autonomy in selecting appropriate pedagogy and encourages them to ensure socio emotional learning of their students. Students in India have historically focused on 'preparing for exams' a system involving years of learning by rote, copious note-taking and narrow adherence to a syllabus. The New Education Policy (2020), which emphasizes problem-solving and critical thinking skills, will help the next generation of Indians finally 'prepare for life' and navigate uncertain futures.

Commerce education plays vital role in developing required knowledge, attitudes and skill for successful run of trade, commerce and industry and serve socio economic development of the Nation. Certainly, Commerce teachers will also have numerous opportunities for modification in teaching pedagogy and style. With the purpose of creating platform for academic discussion on “NEP 2020: Role of Commerce Teacher” this program has been finalized so that important recommendation and suggestions can be drawn on the theme of webinar. Following objectives for this National Webinar has been set to discuss on –

1. The role of Commerce teacher after NEP 2020.
  2. The changes have introduced in NEP 2020 and its effect on teaching pedagogy of commerce teachers.
  3. New dimension of commerce teachers in reference to NEP 2020.
  4. Modifications requirement in curriculum of various courses of Commerce Field.
